Internal Quality Assurance Cell (IQAC)

Action Taken Report of the IQAC Meeting held on 18 August 2025

Agenda	Decision	Action Taken
Presentation of Previous Meeting Minutes	Review implementation status of previous action points and continue monitoring.	Progress on previous action points was reviewed and monitoring mechanisms were strengthened through periodic follow-up by IQAC.
Institutional Quality Improvement	Promote continuity and collective responsibility in quality enhancement.	The newly constituted IQAC team was oriented regarding roles and responsibilities, and quality initiatives were integrated into departmental action plans.
Branding and Institutional Visibility	Organize high-profile public events and strengthen institutional identity.	Departments were encouraged to conduct flagship academic and extension programmes to enhance institutional visibility and community engagement.
Autonomy Readiness	Undertake groundwork related to curriculum flexibility, governance, and quality systems.	Preliminary discussions and planning exercises were initiated to assess institutional preparedness for autonomous status.
FYUGP and NEP 2020 Implementation	Provide orientation and continuous guidance to students and faculty.	Awareness and orientation programmes on FYUGP and NEP 2020 were planned and communicated to departments.
Skill Building and Employability	Integrate emerging skills, value-added courses, and employability-focused training.	Departments were directed to identify skill-oriented courses, certificate programmes, and industry-relevant training opportunities.
Programme Impact Assessment	Conduct periodic assessment of programme outcomes and employability relevance.	Mechanisms for programme review and outcome assessment were incorporated into departmental quality initiatives.
Outreach Activities	Strengthen community outreach, citizenship education, and social responsibility programmes.	NSS and extension units expanded outreach activities, awareness programmes, and community engagement initiatives.

Expert Lectures and Capacity Building	Scale up expert lectures, workshops, and awareness campaigns.	Departments were encouraged to organize expert talks, workshops, and seminars addressing contemporary social and academic issues.
Student Mentoring and Counselling	Strengthen mentoring, counselling, and student support services.	Mentoring and counselling systems were reviewed and measures were initiated to improve student support services.
Career Guidance and Placement Support	Enhance career guidance and placement activities.	Career guidance programmes and placement-related initiatives were intensified through collaboration with industry and employers.
Feedback Mechanisms	Establish structured feedback systems involving parents and students.	Feedback collection and review processes were strengthened to ensure stakeholder participation in institutional development.
Research and Innovation	Promote student-led research, research clubs, and faculty mentorship.	Departments were encouraged to initiate research-oriented activities, innovation projects, and faculty-guided student research.
Collaborations with Local Bodies	Develop collaborations with panchayats, municipalities, and public institutions.	Exploratory discussions for collaborative community development initiatives and MoUs were initiated.
Academic Chairs	Explore establishment of academic chairs in specialized domains.	Proposal development and consultations regarding academic chairs were initiated for future consideration.
Health and Social Awareness Programmes	Participate in health awareness, cancer awareness, and community health initiatives.	Relevant departments and extension units were encouraged to collaborate with health agencies and organize awareness programmes.
